\$100 SHOP CHECK-IN

Several great benefits come from a shop check-in. This includes a complete current safety and mechanical evaluation of the forklift. Also, an itemized estimate based on recommended repairs. This gives the customer a good sense of when a replacement may be necessary depending upon the current conditions of the forklift.

Our highly qualified mechanics will spend 4.5 hours doing a thorough safety and mechanical evaluation to find anything that may be need to be repaired or replaced. We will price out each individual item to give the customer a better sense of the work that needs to be done.

Other deals offered with the \$100 Shop Check-In:

- Steam and Lube: \$195.00
- Pick-up and delivery available at additional charge
- Discounted rental equipment available
- Free appraisal of your forklift's value

Give us a call or visit our webpage to get your forklift checked out today!
